SUMMARY

Software Quality Assurance (SQA) Engineer with manual and automated testing. My key achievements include developing and executing test cases and automation scripts to enhance testing efficiency and successfully identifying and tracking multiple high-priority bugs to improve software quality. Seeking an SQA Engineer position, where I bring my comprehensive testing skills and attention to detail to support your mission of delivering high-quality software solutions.

EXPERIENCE

Jr. SQA Engineer

Simec system ltd 02/2024 - Present

- Conducted requirement analysis and reviewed design documents
- Executed manual testing on web applications, ensuring functionality and enhancing user experience
- Automated key test cases using Cypress, improving test efficiency by reducing manual testing time
- Implemented test plans, wrote, and executed test cases based on functional and non-functional requirements
- Conducted regression testing that identified and resolved high-priority defects, ensuring timely release of new features
- Executed RESTful API testing using Postman, validating request and response cycles, and ensuring seamless integration with backend services

IT Internship

Mtb 09/2023 - 12/2023

- Collaborated in test plan creation and implemented manual testing procedures
- Wrote and maintained detailed test cases based on requirements and technical specifications, ensuring full traceability, improving test coverage
- Reviewed product requirements and technical specifications, ensuring traceability and alignment with business objectives

EDUCATION

Bachelor of Science in Computer Science and Engineering, majoring in Software Engineering

American International University-Bangladesh

01/2020 - 12/2023 CGPA: 3.78 / 4.00

HSC in Science

BCIC College

07/2017 - 07/2019 GPA: 4.58 / 5.00

SSC in Science

BCIC College

01/2016 - 05/2017 GPA: 5.00 / 5.00

SKILLS

Technical Skill: • C/C++ • C# • HTML • CSS •
JavaScript • Node.js • Cypress • Postman •
Test Rail • Jira • Redmine • MySQL • Oracle •
Git & Github • Agile/Scrum Methodologies •
SDLC • STLC

Soft Skill: • Attention to Detail •

Collaboration & Teamwork •

Problem Solving & Analytical

TRAINING / COURSES

Software Quality and Testing (SQT) -
Completed a training course in Software
Quality and Testing, focusing on software
testing procedures.

AWARDS

Programming Contest

6th DRMC international Tech Carnival 2023

Attended

DRMC programming contest competition in
2023

Finalist - Dexterity

Dexterity is an intra university case-solving
competition at the American International
University-Bangladesh (AIUB)

PROJECTS

E-commerce Automation Scripts
